I Know a Physicist
by Rhonda López, adapted by Ruth Kriteaman

I know a scientist,
A knowledgeable scientist.
A curious scientist,
Who studies the properties of matter.

He investigates mass and volume,
She compares mixtures and solutions,
He analyzes the property of magnets,
She communicates using diagrams and data.

I know a scientist,
An observant scientist.
An analytical scientist,
Who experiments with the properties of matter.
This scientist is called a PHYSICIST!
