Grade Level	2nd-3 rd
Content Area	Math
Topic/unit/core selection	Measurement
Chant Title and Author	Measuring Length Cadence by Evelyn Chávez

I don't know, but we've been told,
Learning to measure is the goal,
2nd graders measure in standard units
Learn US customary and the Metric system

Sound Off: US Customary
Sound Off: Metric
System Sound Off: 1-2-3-4 Measurement!

Inches are small units of measure.
Twelve inches together equal one foot
If you need to measure a longer length,
Use a yardstick or measuring tape.

Sound Off: US Customary
Sound Off: US Metric
Sound Off: 1-2-3-4 Measurement!

Small metric units are centimeters.
Centimeters measure shorter objects
One hundred centimeters equal one meter.
Long distances are measured with meter sticks.

Sound Off: US Customary
Sound Off: Metric System
Sound Off: 1-2-3-4 Measurement!
