

Title/Focus: Time

Telling Time

Elapsed Time

Equivalent Time

- 1 minute = 60 seconds
- 1 hour = 60 minutes
- 1 day = 24 hours
- 1 month = about 30 days
- 1 year = 12 months
- 1 year = 365 1/4 days

Mathematical Standards and Practices

- 1) We will tell time to the minute with precision.
- 2) We will make sense of elapsed time problems and persevere in solving them.
