Grade Level	4th-5th
Content Area	Math
Topic/unit/core selection	Order of Operations, PEMDAS
Chant Title and Author	PEMDAS Chant by Sierra Ryan
Copy and Paste Chant Here	<p>Parentheses first, that's where we'll start. Grouping numbers is an important part. Exponents next, they're small but strong Look to the base and you can't go wrong.</p> <p>Multiply or divide, what comes first? Go from left to right, they can be dispersed. Add and subtract is our last step, Always left to right, don't forget to prep!</p> <p>Use one operation on every line And you'll get through it just fine. Parentheses, exponents, multiply, divide. Add and subtract, now you're qualified!</p>
